

Welcome Back!

I hope you had a wonderful summer and were able to take some time to spend together with your family and friends.

Let me take a moment to introduce myself, I am Mrs. Behnke. Some of you may remember me teaching gym, music and library when you were in Mrs. Haney's class. This last year I was home with my new baby girl, Macy, and my 3 year old boy, Quinn. Like me, I hope you are feeling refreshed and ready to come back to school.

About Your Child

Your input is an important part in my understanding the uniqueness and individuality of your child. Please send me a note telling me a bit about your child, your expectations for this year, dismissal instructions, allergies or any special conditions that I may need to be aware of. I look forward to your letter.

What's Happening

Each month a calendar will be sent home to tell you about upcoming events and special occasions. You will also find gym and library days listed, so your child can come prepared. I will also send a brief summary of what we will be learning in our class each term.

Work Going Home

At the end of every month a zippered bag will be sent home with your child's school work in it. Science and social studies units will only be sent home once complete. Please note that some of our math work is using manipulatives as well class charts/graphs that cannot be sent home.

Show and Share

Your child will be assigned a day to bring in something they want to share with the class. The special item must fit into your child's backpack. Please check our September/October classroom calendars to find out when your child's day is.
