Feb. 29th- Assembly 9 am and Crazy hair day

Things we need:

- Glue sticks, pencils, scissors
- Kleenex
- Dry socks, a change of clothes

Skating

Please make sure that your child has a helmet (bike or hockey) and mittens/gloves to wear. If you are meeting your child at the arena with his/her equipment, please let me know (a short note in the agenda is fine). All adults are welcome (Moms, Dads, Grandmas, Papas, Uncles etc...). The more hands to tie skates the better 😊. Please note...that skates must be worn on the ice, no boots allowed.

Valentine's Party - February 14, 2012

Please remember when sending in treats and candy that we are a peanut and tree nut free class. Even things that may contain traces of nuts can be dangerous!! Thanks for your understanding! A valentine's list of class names was sent home in the January evaluation portfolio. Please let me know if you need another one!

Money

We are going to be learning about coins and the value of money up to 50 cents. Things you can do at home to help:

- Sort money
- Count money/talk about money
- Make different amounts of money using a variety of coins
- Read prices in flyers or in stores
- Look for money on signs and billboards
- Let your child pay for purchases in stores and talk about what you bought
