

December News

Grade 2

The countdown to Christmas is on!

Language

In Writing, the class is publishing the stories they have written. Next, we will begin to study report writing and apply our learned skills to our Science unit on Animals.

Mathematics

In Math this month, students are learning addition and subtraction strategies to build their number sense skills. Along with this they are studying Geometry, learning the names and properties of 2 dimensional shapes.

Science and Social Studies

This month the students are continuing their study of All Kinds of Animals. In Social Studies students are learning all about the Traditions and Celebrations that are important to their own lives, as well as people all around the world.

Stocking Stuffing Ideas

Around the holidays is a great time to get your child restocked with all of the materials they need for school. Consider stuffing your child's stocking with a few goodies to bring back to school to carry them through the winter. Glue sticks frequently need replacing, as well as pencils and pencil crayons.

Our Character Trait for December is Caring.

Holiday Literacy Ideas

- Read a story under the tree
- Read a recipe while baking
- Read the shopping list
- Write the shopping list
- Write a letter to a friend
- Write a Christmas poem
- Create a holiday card
- Keep a diary of your Christmas holidays

Important Dates:
